

North York Moors National Park Authority Finance, Risk, Audit and Standards Committee

5 February 2018

Health and Safety Update

1. Purpose of the Report

- 1.1 To update Members regarding recent Health and Safety activity, seek comments on the revised Health and Safety policy and proposals for the Health and Safety action plan 2018/19.

2. Background

- 2.1 At the March 2017 NPA meeting, Members agreed the health and safety work programme for the coming year. The purpose of the regular papers to this Committee is to update Members on progress made on the work programme, review accident/near miss information and to raise other health and safety matters

3. Accidents and Near Misses 2017/18

- 3.1 At the time of writing this report a total of 16 accidents to staff/volunteers had been reported since 1 April. No lost time had been recorded as a result and all accidents were minor in their nature, involving slips or trips. 7 of the 16 accidents were minor injuries to volunteers. The accident rate for volunteers has been discussed at previous meetings and while this will continue to be monitored, Officers do not consider there to be a major issue.

- 3.2 A total of 6 Near Misses have been recorded during the year to date. A potentially serious Near Miss occurred on 11 December when a relatively new member of staff attended an evening meeting with a colleague and the weather deteriorated during the course of the meeting. On the journey home, the staff member's pool vehicle became stuck in snow. The situation was resolved quickly, but the lessons learned were as followed;

- Weather can deteriorate quickly and may not be consistent with weather forecasts;
- Staff who are new to the area may not be as fully aware of the nature of moorland roads as others (line managers to advise on this);
- Travel in convoy with other colleagues and routes should be amended to divert to the nearest main road even if this means a lengthy detour.

This incident has been discussed in the Health and Safety Group and the bullet points above shared with other staff.

- 3.3 Over the course of the summer/autumn months an additional 23 accidents or incidents have been reported involving either children/young people attending one of the Authority's activities or visitors to Sutton Bank/the Moors Centre. All were minor in their nature and mainly involved slips, trips or fall or insect stings. As explained at the last meeting, this number should be seen in the context of the number of visitors to both centres.

4. **Mental Health Related Sickness Absence**

4.1 At the November meeting of this Committee, the Health and Safety Executive summary statistics for 2016/17 were discussed. It was noted that 49% of sickness absence in the UK was caused by stress, depression or anxiety.

4.2 This was the subject of further discussion at the November Health and Safety Group meeting. The Authority has seen an increase in absence caused by mental health issues (within the context of a low overall absence rate) over recent years. In the period 1 January 2016 – 31 October 2017, 20% of the Authority's sickness absence was attributed to mental health problems. This is obviously considerably lower than the national figures, but will continue to be closely monitored. The additional of work done this year on health promotion and the availability of free confidential counselling (see Paragraph 5.1) are indicators of the Authority's commitment to provide staff with health related information and practical help.

5. **Progress on the 2017/18 Health and Safety Action Plan**

5.1 The focus of work for the Health and Safety Group each year is the Health and Safety Action Plan approved by Members. Please see below for a summary of progress made to date;

- Share the outcome and develop/implement an action plan resulting from the health and safety attitude survey;

Survey outcomes have been posted on the Intranet and referenced in the Staff Bulletin; staff reminded of range of options for raising any health and safety issues. CEO emphasises importance of H&S in induction and staff meetings.

- Adapt the survey and conduct a similar process with regard to Volunteers;

The health and safety survey was adapted for volunteers and was regularly publicised and available to volunteers in November/December 2017. The survey was completed by 41 volunteers. There were no significant issues raised but, as a result, the Head of the Volunteer Service has agreed actions in relation to ensuring provision of personal protective equipment for volunteers, reminding line managers that they have full responsibility for volunteer health and safety (consistent with the Health and Safety policy) and also including a Health and Safety feature in each edition of Involved – the is the publication sent to all volunteers twice each year.

- Evaluate the effectiveness of the Volunteer Leader training with particular regard being paid to their ability to lead tasks safely;

Training has been undertaken and initial feedback has been positive. The training spends a full day on health and safety matters. Anecdotal feedback suggests that new Volunteer Leaders are both comfortable with and competent in leading groups.

- Implement the actions recommended in the Veritau audit of the management of volunteer health and safety;

Recommended actions have been implemented as described in the report presented to the June meeting of this Committee. Volunteer health and safety continues to be an area on which Officers are fully focussed.

- Develop/implement an action plan for the Authority's buildings and fire evacuation procedure following the Fire Risk Assessment inspections and subsequent reports;

Action Plans have been completed and will be implemented during the remainder of the financial year. The main issue is the replacement of fire doors which in the Old Vicarage raises some issues with regard to its listed status. A fire drill was held at HQ in July, to complement the weekly fire alarm tests, and this will be repeated following the arrival of all planned new starters.

- Assess and report back to Members on how the Permit to Work and spot checking systems are working and improving standards with regard to safe working practice;

The Permit to Work system requires all contractors who are working in the Authority's properties to sign in/to, detail the work that they are undertaking, provide a risk assessment and consult the asbestos register. The Assistant Directors of Park Services and Corporate Services have spot checked the records and satisfied themselves that this system is operating properly. Spot checks on contractors have confirmed that contractors expect this level of checking when they enter a customer's site and that they regard this as an essential part of their day to day work.

- Review the preventative health surveillance that is undertaken with Rangers and Apprentice Supervisors to ensure that it is fit for purpose;

Discussions have taken place with the Health and Wellbeing team at NYCC and Officers are satisfied that the correct range of health surveillance is in place for all appropriate members of staff.

- Arrange for external verification of the Authority's risk assessments via the Service Level Agreement;

This work will be completed by 31 March following a thorough review of risk assessments undertaken by the Health and Safety Group in October.

- Work with NYCC's Health and Wellbeing team to develop and implement a range of health promotion initiatives.

Discussions have been held with the Health and Wellbeing team at NYCC regarding the options for provision of information and on-site events. All staff have access to Health Assured, a confidential support service, which is publicised regularly via Staff Bulletins and the Intranet. 'Know your Numbers' appointments with Occupational Health staff from NYCC have been held in January/early February with 113 staff taking part. While the outcome of the appointments will be anonymous, the Authority will receive a summary of results.

6. Health and Safety Policy 2018/19

- 6.1 The revised Health and Safety policy approved by Members last year was issued to all staff (volunteers were also required to indicate that they had read and understood it) and they were required to sign to say that they had read and understood their responsibilities as outlined in the policy. This process, which will be repeated annually, had the effect of stimulating continued discussion within teams to ensure that staff understand what is required of them.

- 6.2 Substantial changes to our health and safety policy to reflect revised working practices were made in both 2015 and 2016. This year a number of minor amendments have been made to improve or clarify wording, particularly in relation to responsibility for volunteers. No significant changes are proposed. The revised policy is attached as **Appendix 1**. Subject to any changes that Members suggest, the policy will be presented for approval at the March NPA.
- 6.3 Members should be aware that the Policy also includes a paragraph (**3.3 in Appendix 1**) specifically on their health and safety responsibilities.
- 6.4 As well as disseminating the entire Health and Safety policy in the manner indicated in paragraph 6.1, the responsibilities that all of us have in relation to Health and Safety (para 3.2 of the Policy) will be used throughout the year in Staff Bulletins, on the Intranet, staff noticeboards, Health and Safety Bulletins, My Volunteering etc. The purpose of this is to remind all staff/volunteers of their core health and safety obligations.

7. **Lone Working Policy**

- 7.1 A revised Lone Working Policy is currently being prepared. The previous policy was largely unchanged with only minor amendments since the early 2000s. This revision is substantial, however, and seeks to establish a clear framework for managers to use whatever the working patterns of their lone workers. The Policy applies equally to paid staff and volunteers and the managerial responsibility for both groups is the same.
- 7.2 The proposed policy has been cross checked with current Health and Safety Executive best practice and Officers are satisfied that the policy properly complies with this. Directors are to discuss the policy in February prior to including it in the Health and Safety Report to be presented to the full Authority in March.

8. **Initial Thoughts for 2018/19 Action Plan**

- 8.1 The draft action plan will be brought to March NPA for Members' approval. Officers' initial thoughts are that the action plan will include;
- Implement the action plan arising from Volunteer Health and Safety Survey;
 - Investigate how well the revised Lone Working Policy is operating and make further recommendation to amend it if necessary;
 - When the outcome of the health appointments is known, consider what the next steps might be for health promotion;
 - From a Health and Safety point of view, monitor the effectiveness of 'contracts' with associate volunteering groups;
- 8.2 Members' views on these or any other items they feel should be included are very welcome.

9. **Financial and Staffing Implications**

- 9.1 There are no significant financial or staff issues related to the contents of this report.

10. **Recommendation**

10.1 That Members;

- Note the work undertaken since the last FRASC meeting on health and safety,
- make any comments they wish regarding the draft Health and Safety policy; and
- comment on the proposed 2018/19 Health and Safety plan.

Contact Officer:
Ian Nicholls
Assistant Director of Corporate Services

NPA Reports, December 2013, 2014, 2015, 2016, 2017
FRASC Reports 2012, 2014, 2015, 2016, 2017

North York Moors National Park Authority Health and Safety Policy

1. Introduction

- 1.1 This revised document contains a statement of our general health and safety at work policy, and the responsibilities for carrying out that policy.
- 1.2 Health and safety is a key element in all of our daily work tasks. This policy applies to all of us as individuals whether we are paid staff, volunteers or Members. While it is very important (and a legal requirement) to have a written health and safety policy, its success depends upon the active involvement of everybody.
- 1.3 I expect that all of you should be aware of the health and safety policy **and** specific health and safety requirements that apply to your jobs. You must report any potential hazards in the premises, work methods or equipment to either your line manager, Director or Assistant Director of Corporate Services. I can assure that all health and safety issues will be taken very seriously.
- 1.4 This document is available on every notice board, the Intranet, included in the new starter induction pack, and should be given to and brought to the attention of everybody who works for the Authority, whether they are paid or unpaid.

Signed:

Date February 2018

A handwritten signature in black ink that reads "Andy Wilson". The signature is written in a cursive, flowing style.

Andy Wilson
Chief Executive

2. **General Policy Statement**

- 2.1 The Health and Safety at Work Act 1974 places legal responsibilities on the Members of the Authority and all of its employees/volunteers. The Authority recognises and accepts these responsibilities for providing a safe and healthy workplace and working environment.
- 2.2 The Authority will take all reasonable steps to meet its responsibility by;
- (a) Providing adequate control of the health and safety risks arising from its work activities;
 - (b) consulting with staff/volunteers on matters affecting their health and safety;
 - (c) providing and maintaining safe plant and equipment;
 - (d) ensuring the safe handling and use of substances;
 - (e) providing information, instruction and supervision for all staff/volunteers;
 - (f) ensuring all staff/volunteers are competent to do their tasks, have adequate training and personal protective equipment;
 - (g) preventing accidents and cases of work related ill health;
 - (h) maintaining safe and healthy working conditions; and
 - (i) reviewing and revising this policy at regular intervals.

3. **Responsibilities for Health and Safety**

- 3.1 All staff/volunteers have broad responsibility for health and safety as well as the specific tasks listed below. While the Authority's general approach to health and safety is to seek a joint approach, any member of staff who does not comply with their personal responsibilities will be subject to disciplinary action.

3.2 **All Members, staff, volunteers and students on work placement have responsibility for the health and safety policy by:**

- (a) Taking reasonable care for the safety of themselves (including properly following the Lone Working Policy), their work colleagues and the public;
- (b) making themselves familiar with and following, the Authority's health and safety policy statement at all times;
- (c) co-operating with the Authority regarding any legal duty imposed by legislation or associated codes of practice;
- (d) always using the correct equipment and abiding by the operating instructions/regulation;
- (e) wearing appropriate personal protective equipment issued for specific tasks or for use with certain equipment;
- (f) following all risk assessments and CoSHH (Control of Substances Hazardous to Health) information relating to day to day duties and work tasks;
- (g) using the correct tools and materials for the job, ensuring these are safe and practicable, and reporting any defects to their line manager immediately;
- (h) reporting all accidents involving injury, damage or loss and 'near misses' with the potential to cause any of these;
- (i) reporting any shortcomings which could represent a serious and immediate danger to health and safety;
- (j) following established emergency procedures for fire evacuation.

3.3 **Members of the National Park Authority** have responsibility to ensure that;

- (a) The Health and Safety Policy is fit for purpose, identifies roles and responsibilities, and defines how health and safety is managed, communicated to all and periodically reviewed;
- (b) they receive regular reports on health and safety performance;
- (c) appropriate training is in place and funds made available for it;
- (d) the Authority has got access to the right advice from competent health and safety professionals;
- (e) risk is managed sensibly by reducing the most serious and common risks and taking a balanced view between the benefit and risk of activities; and
- (f) Health and Safety is a consideration in decision making and setting a good example themselves.

3.4 **The Chief Executive** is accountable to the North York Moors National Park Authority for health, safety and welfare at work for all employees and volunteers, and will:

- (a) Apply and support the Authority's policy for a safe and healthy work place and working environment for all of its staff/volunteers;
- (b) advise the Authority of priorities for health and safety, particularly through the allocation of resources to preventative measures, training and other relevant health and safety matters;
- (c) assign particular duties and responsibilities to designated staff with the aim of ensuring:
 - Observance of the requirements of the Health and Safety at Work Act 1974 and other relevant regulations;
 - that staff/volunteers receive appropriate training and instruction as may be considered necessary;
 - that safe working procedures are adopted at all times;
 - that suitable safe plant, vehicles and equipment where provided are maintained and safe to use.

3.5 **Assistant Director of Corporate Services** is responsible to the Chief Executive for:

- (a) Acting on the Chief Executive's behalf as may be necessary in his absence on issues regarding Health and Safety,
- (b) co-ordinating the Authority's organisation and arrangements for health and safety, including ensuring that this Policy is updated/reissued annually and that the December or January meeting of the Senior Management Team reviews all Risk Assessment and CoSHH (Control of Substances Hazardous to Health) Safety Data Sheets,
- (c) organising and chairing meetings of the Health and Safety Group every 2 months,
- (d) issuing instructions, information and guidance to assist the implementation of the Authority's Health and Safety policy.
 - Arising out of the Health and Safety at Work Acts as they affect the Authority's employees/volunteers;
 - initiated by the Authority on any of its Committees;
 - initiated by the Health and Safety Group;
 - originating from the Health and Safety Executive,

- (e) ensuring that statutory documents and forms are available and that necessary reports and records are completed and maintained,
- (f) operating the accident/near miss reporting procedure,
- (g) organising Health and Safety related training for staff (The Volunteering Team has its own budget and organises training for volunteers),
- (h) reporting to Members at each FRASC and annually to the NPA on health and safety matters. This will include details of the number of accidents/near misses, together with information regarding working time 'lost' due to accidents. Members will also be presented annually with the Authority's health and safety plan for the coming year,
- (i) general supervision of health and safety arrangements, but specifically including fire and security precautions in the premises and grounds of the Authority headquarters in Helmsley,
- (j) ensuring that the Pool vehicles are:
 - Serviced, maintained, tested and used correctly;
 - defects are reported and recorded promptly;
 - repaired promptly by authorised agents when damage or defects occur;
 - driven only by staff/volunteers whose driving licences are checked in advance.
- (k) Ensuring that the Authority has a service level agreement with another body (currently NYCC) to ensure that there is easy access to higher level health and safety expertise.

3.6 **Directors and Other Nominated Officers** are to apply and support the Authority's policy for health and safety and are responsible to the Chief Executive for:

- (a) Managing their staff/volunteers and buildings/land ensuring that:
 - The instructions given in the Health and Safety and Lone Working policies are followed by all staff/volunteers;
 - ensuring that documented risk assessments (including CoSHH assessments) are undertaken where required;
 - safe working procedures are adopted at all times;
 - unnecessary risks to staff/volunteers and others, including visiting members of the public, are avoided;
 - Health and Safety is a standard item on all Departmental/Team Leader meeting agendas and includes discussion on – accidents/near misses, reports on spot checks made to ensure safe working practices; confirmation that risk assessments are being followed by staff, volunteers and contractors, and updates on the potential risks to Lone Working staff.
- (b) Issuing, sufficient and clear instructions appropriate to the particular task to:
 - Safeguard staff/volunteers and other persons involved;
 - ensure that materials and equipment including vehicles, plant and machinery are used correctly and safely.
- (c) Informing the Assistant Director of Corporate Services of any health and safety matters which require investigation,
- (d) ensuring that adequate risk assessments are completed and recorded before any site work is carried out, whether or not contractors are involved,
- (e) directors have specific responsibility for undertaking spot checks (in addition to those required of managers properly carrying out their duties) to ensure that the safety policies and procedures within their departments are properly adhered to.

The following staff have specific responsibility;

3.7 **Head of Recreation and Ranger Service** is to apply and support the Authority's policy for health and safety and is responsible to the Director of Park Services for:

- (a) Managing accommodation in the Sawmill Lane Offices and depot, Castleton depot and mobile display units, including any necessary fire and safety precautions.
- (b) Ensuring, that materials and any vehicles, plant, equipment and machinery hired or obtained and directly controlled in connection with the Ranger Service's work, are serviceable, correctly guarded, equipped as necessary with safety devices and are properly used with due regard to the safety of staff/volunteers and the public.
 - Ensuring that all tasks are covered by a site specific or generic risk assessment before work commences;
 - issuing, in the cases of work on projects, sites and outdoor locations, sufficient and clear instructions to safeguard staff and any other persons involved;
 - ensuring that Contractors either provide their own or are assisted in developing their own risk assessments prior to any activity commencing on the Authority's behalf;
 - informing the Assistant Director of Corporate Services of any health and safety matters, including any need for staff/volunteer training, which require investigation.
- (c) Supervising Ranger Service staff and volunteers ensuring that:
 - The instructions given in the Health and Safety and Lone Working policies are followed by all staff/volunteers;
 - ensuring that documented risk assessments (including CoSHH assessments) are undertaken where required;
 - safe working procedures are adopted at all times;
 - unnecessary risks to staff/volunteers and others, including members of the public, are avoided;
 - Health and Safety is a standard agenda item on all Ranger meeting agendas and includes discussion on accidents/near misses, reports on spot checks made to ensure safe working practices; confirmation that risk assessments are being followed by staff, volunteers and contractors, and updates given on the potential risks to Lone Working staff.
- (d) Carrying out regular spot checks on work activities undertaken by the Ranger Service.

3.7.1 **Senior Rangers** are to apply and support the Authority's policy for health and safety and are responsible to the Head of Recreation and Ranger Service for:

- (a) Applying and supervising health and safety arrangements and issuing any necessary local instructions.
- (b) Informing the Head of Recreation and Ranger Service or the Director of Park Services of any health and safety matters, including any need for safety training, which require investigation.
- (c) Ensuring that Park Services staff/volunteers are adopting safe working practices in the tasks for which the Senior Ranger is responsible. .
- (d) Ensuring that Rangers' vehicles, mobile display units and equipment are:
 - Serviced, maintained, tested and used in accordance with the manufacturers' or other relevant operating instructions;

- defects are reported and recorded promptly;
 - repaired promptly by authorised agents when damage or defects occur;
 - fitted with appropriate guards and any safety devices as are necessary;
 - driven and/or operated only by authorised persons who are competent , and who have received appropriate training.
- (e) Assigning duties and responsibilities to the Maintenance Rangers, Assistant Rangers, Voluntary Rangers, other volunteers and National Park Apprentices under their control, particularly in the case of work in outdoors locations, with the aim of ensuring that:
- All local instructions, information and guidance issued by the Assistant Director of Corporate Services are understood and acted upon;
 - safe working procedures are adopted at all times and that all tasks are fully risk assessed, including site specific risk assessments if necessary, prior to work being commenced;
 - all necessary protective clothing/equipment is provided and properly used;
 - all dangerous chemicals are stored, and used only in accordance with manufacturers' instructions.
- (f) Carrying our regular spot checks on practical work being undertaken in their Ranger area.

3.7.2 **Maintenance Rangers** are to apply and support the Authority's policy for health and safety and are responsible to the Senior Ranger for:

- (a) Ensuring that practical work tasks that they are undertaking, either on their own or when responsible for others, are carried out safely by carrying out or using appropriate risk assessments. In most cases, the generic risk assessment will be sufficient, but a site specific risk assessment will need to be prepared whenever a significant hazard or risk has been identified over and above those covered in the generic risk assessment,
- (b) wearing the PPE defined in risk assessments as being mandatory for the task or activity,
- (c) making sure that volunteers who they are working with follow risk assessments, use equipment/tools in a safe manner and wear PPE as appropriate.

3.7.3 **Head of Volunteering Service** is to apply and support the Authority's policy for health and safety and is responsible to the Director of Park Services for:

- (a) Applying and supervising health and safety arrangements and issuing any necessary local instructions,
- (b) setting up and maintaining systems which adequately manage the health and safety of all volunteers, groups and associate groups,
- (c) informing the Director of Park Services and/or the Assistant Director of Corporate Services of any health and safety matters, including any need for safety training, which require investigation,
- (d) Ensuring that staff and volunteers who line manage volunteers are fully trained and understand their health and safety responsibilities,
- (e) Ensuring that the Volunteering Teams' vehicles and equipment are:
 - Serviced, maintained, tested and used correctly and safely in accordance with the manufacturers' or other relevant operating instructions;
 - defects are reported and recorded promptly;
 - repaired promptly by authorised agents when damage or defects occur;

- fitted with appropriate guards and any statutory safety devices as are necessary;
- driven and/or operated only by authorised persons who are competent to do so, and who have received appropriate certificated training where applicable.

(g) Carrying out regular spot checks on work activities undertaken by volunteers.

3.7.4 **The Head of Education and Youth Engagement** is to apply and support the Authority's policy for health and safety and is responsible to the Director of Park Services for:

- (a) Informing the Assistant Director of Corporate Services of any health and safety matters, including any need for staff/volunteer training, which require investigation,
- (b) ensuring that risk assessments are undertaken and regularly reviewed,
- (c) ensuring that the Authority's policies on child and vulnerable adult protection are kept up to date, periodically reviewed and advice taken from external 'experts' where necessary,
- (d) Supervising the Education staff/volunteers to ensure that:
 - All instructions, information and guidance issued by the Assistant Director of Corporate Services are understood and are acted upon;
 - safe working procedures are adopted at all times and that all tasks are fully risk assessed prior to work being commenced;
 - issuing, sufficient and clear instructions to safeguard staff and other persons involved;
 - DBS and other checks are undertaken in accordance with the Authority's Child Protection Policy with regard to working with children and vulnerable adults.

3.7.5 **The Assistant Director of Park Services** is to apply and support the Authority's policy for health and safety and is responsible to the Director of Park Services for:

- (a) Applying and managing health and safety arrangements including fire and security precautions and issuing any local instructions for the Sutton Bank National Park Centre and The Moors National Park Centre (in consultation with the Assistant Director of Corporate Services),
- (b) informing the Assistant Director of Corporate Services of any health and safety matters, including any need for safety training, which require investigation,
- (c) Assigning duties and responsibilities to the Sutton Bank/Moors Centre Caretakers ensuring that:
 - All local instructions, information and guidance issued by the Assistant Director of Corporate Services are understood and acted upon;
 - safe working procedures are adopted at all times and that all tasks are fully risk assessed prior to work being commenced;
 - ensuring that Contractors either provide their own risk assessments prior to any activity commencing on the Authority's behalf;
 - all protective clothing and equipment that is considered necessary is provided and is properly used;
 - all dangerous chemicals are stored and used only in accordance with manufacturers' instructions. That all such chemicals are recorded in accordance with CoSHH.

3.8 **All Staff with responsibility for other staff, apprentices, volunteers and/or contractors** are to apply and support the Authority's policy for health and safety and are responsible to their line manager as detailed in (a) to (d) below. In addition, staff who instigate a task undertaken by volunteers are responsible for ensuring that all necessary health and safety arrangements for that task are in place and acted upon.

- (a) Applying and supervising health and safety arrangements including the Lone Working policy for their staff/volunteers. This will include;
 - On at least an annual basis discussing risk assessments and CoSHH safety data information face to face with staff/volunteers and making appropriate changes to documentation;
 - carrying out regular spot checking to ensure that staff/volunteers are working in accordance with risk assessments and the Authority's wider health and safety policies.
- (b) Setting a positive example to volunteers with regard to health and safety by;
 - Demonstrating thorough knowledge of this policy and risk assessments associated with the task being carried out;
 - Wearing PPE at all times while working or supervising others;
 - Adopting a 'zero tolerance' approach to volunteers or contractors who will not want to abide by the Authority's arrangements for health and safety.
- (c) Effectively managing contractors ensuring that:
 - Contractors either provide their own or are assisted in developing their own risk assessments prior to any activity commencing on the Authority's behalf;
 - regular spot checks are carried out to ensure that contractors are working in accordance with their risk assessments and any other health and safety responsibilities stipulated in their contractual documents.
- (d) Informing the Assistant Director of Corporate Services of any health and safety matters, including any need for safety training, which require investigation.

4. **Arrangements for Health and Safety in the Authority**

4.1 **Communication**

- (a) Noticeboards, for the display of health and safety information, are located in Headquarters, Helmsley; Sawmill Lane Depot, Helmsley, The Moors National Park Centre and Sutton Bank National Park Centre,
- (b) there is a health and safety area on the Intranet where all up to date health and safety policies and activity risk assessments are kept. Line managers are responsible for ensuring that staff without easy access to the Intranet are provided with updated documents at least annually,
- (d) all members of staff/volunteers should be familiar with the contents of the policy statement, risk assessments and CoSHH assessments relating to their roles and any information and guidance that is publicised. Staff should make a regular practice of consulting information on the health and safety notice boards and intranet,
- (e) issues of policy, organisational and procedural arrangements will normally be discussed through the Health and Safety Group and the Directors' meetings,
- (f) discussion of Health and Safety matters is a standing item on all Directors', Departmental and Team meetings,

- (g) the Authority's Members are updated five times per year via formal reports to agree annual health and safety plans and review performance/progress,
- (h) the Volunteering Team communicate health and safety issues and updates to volunteers in a variety of different formats. Line managers of volunteers keep volunteers informed about the health and safety issues and risk assessments relevant to their role and task leaders keep volunteers informed about local conditions.

4.2 Consultations with Staff Representatives

- (a) It is the Authority's policy to cooperate fully with staff in the implementation of safety issues through the staff Joint Consultative Forum,
- (b) the Health and Safety Group meet every 2 months and each Department has at least one representative. This group will discuss and make recommendations on all matters with regard to health and safety. This will include reviewing accidents and near misses. The notes from these meetings will be available on Health and Safety notice boards, via the intranet and through discussion at Departmental meetings,
- (c) staff should raise, either with their immediate supervisor, their Health and Safety Group representative or with the Assistant Director of Corporate Services, any relevant health and safety matters for discussion and investigation,
- (d) volunteers should raise and health and safety issues with their line manager, task leader or the Volunteering Team.

4.3 Supervision

- (a) Effective supervision of work is essential to ensuring a successful health and safety policy. Line managers should, in consultation with staff/volunteers they supervise, identify potential hazards (risk assessment) and take preventative measures. They should familiarise new employees with the safety aspects of their work and set a good example by working in a safe way themselves,
- (b) there may be occasions when individuals from two or more Departments are required to work together on a joint task. In all such cases the Director who sponsors the task must establish who is to be responsible for safety supervision at the site of the joint task before the work begins.

4.4 Training

- (a) The Authority is very positive about providing a good level of health and safety training. The induction programme outlines training that is mandatory for all staff, but job specific training will be provided as well where:
 - The need has been identified either through the Line Manager, Performance Appraisal or Risk Assessment process,
 - refresher training is required in accordance with the agreed time periods for health and safety training;
 - it meets the specific needs of the individual.
- (b) Should an urgent requirement for health and safety training arise then the matter should be raised through the Director for discussion with the Assistant Director of Corporate Services,
- (c) it is important that new starters demonstrate safety competence before undertaking any work task.

4.5 Personal Protective Equipment (PPE)

- (a) Line Managers are responsible for ensuring that PPE, where it has been identified as mandatory in the relevant risk assessment, is worn by staff/volunteers,
- (b) where articles of safety clothing and equipment are provided by the Authority employees and volunteers are expected to wear them and ensure they remain fit for use and are available at all times. Failure to wear PPE as detailed in risk assessments will be treated as misconduct,
- (d) PPE will be replaced as soon as it becomes unfit for use or when its 'use by' date has passed. Directors are responsible for ensuring that PPE is replaced in a timely fashion.

4.6 Risk Assessments

- 4.6.1 Each Department is responsible for fully risk assessing its own activities. The risk assessments are available to staff/volunteers at all times and it is important that staff are fully aware of the contents **before** they undertake a specific activity. A new activity must not be undertaken until it has been risk assessed.
- 4.6.2 In most cases, the generic risk assessment for a task will be sufficient, but a site specific risk assessment will need to be prepared whenever a significant hazard or risk has been identified over and above those covered in the generic risk assessment. It is the responsibility of the Officer who is undertaking the task to ensure that a site specific risk assessment is prepared if necessary.
- 4.6.3 Directors are responsible for ensuring that Risk Assessments are reviewed on an annual basis and ensuring that individual line managers formally discuss risk assessments with their team on an annual basis as a minimum requirement.

4.7 Accident Recording, Reporting and Investigating Procedures

- (a) In accordance with the "Reporting of Injuries, Disease and Dangerous Occurrences" (RIDDOR) regulations, specified injuries resulting from accidents at work must be reported to the HSE, as must specified dangerous occurrences and notifiable diseases. If an accident is reported, the Assistant Director of Corporate Services should be contacted as a matter of urgency,
- (b) an Accident and 'Near Miss' Book is kept at each workplace or base, in an obvious and accessible location, so that all accidents or incidents involving potential injury may be recorded,
- (c) records, of accidents and dangerous occurrences are kept for 3 years. An accident record book is kept, by the Officers nominated at each of the following locations:
 - (1) Assistant Director of Corporate Services at The Old Vicarage;
 - (2) Visitor Centre Manager at Sutton Bank;
 - (3) Head of Education and Youth Engagement/Visitor Centre Manager/Senior Ranger (North) at The Moors National Park Centre;
 - (4) Senior Ranger (South) at Sawmill Lane, Helmsley,
 - (5) Senior Ranger (Coast) at Castleton Depot.
- (d) The Officers nominated are to ensure that the following information about a reported accident/incident is recorded in the accident book:
 - Date, time and place of accident or dangerous occurrence;
 - name, sex, age, occupation of person injured and nature of injuries;
 - brief description of circumstances;
 - names and addresses of witnesses;

- signature of the person making the entry.
- (e) If an accident/incident occurs away from Authority premises, for example on project or site work, the required information should be recorded in the accident book held in the premises at which the report is received,
- (f) **in the event of a fatal or major injury causing accident or a notifiable dangerous occurrence whether or not anybody is injured, the Officer to whom the incident is reported must ensure that the Chief Executive and the Assistant Director of Corporate Services are informed by telephone as soon as possible,**
- (g) any accidents that result in injuries defined under RIDDOR as “major injuries” and “notifiable” dangerous occurrences require.
- The Director responsible for the place of work where the incident occurred, to inspect and take all possible measures to isolate the scene; to put out of use any equipment/machinery involved and to ensure that evidence is not disturbed or removed;
 - The Director in consultation with the Assistant Director of Corporate Services, to carry out a formal investigation as soon as possible and complete an accident/incident report;
 - Further action to be initiated, by the Assistant Director of Corporate Services depending on the circumstances.
- (h) A report must also be completed when an employee is involved in an accident which results in absence from work for seven consecutive days.

4.9 **Health and Safety Advice**

The Authority currently has a Service level Agreement with North Yorkshire County Council to ensure that Officers have access to qualified, expert health and safety advice at all times.
