c) Complies with the Duty to Co-operate?	Yes	<input type="text" value="Click here to enter text."/>	No	<input type="text" value="Click here to enter text."/>

### 5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance, soundness of the Local Plan or its compliance with the duty to co-operate, please use this box to set out your comments.

I believe the change in wording from the original means the park is a great a risk of exposure to detrimental environmental effects from major development as the original wording made it clear that all measures should be undertaken to avoid these and the current wording simply means they have to be reduced and the extent to which this needs to be done becomes a matter of opinion. It is unsurprising the rewording has been requested by the current major development in the area. I accept the new wording follows the NFFP but surely the whole point of having a local plan for a protected area such as national park is that it offers greater protection

(Continue on a separate sheet / expand box if necessary)

### 6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at question 5 above where this relates to soundness. You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

The wording should revert to minimized rather than moderated and the wording should make it clear that all possible measures to minimize adverse effects will be undertaken

(Continue on a separate sheet / expand box if necessary)

**Please Note:** Your representation should cover succinctly all the information, evidence and supporting information necessary to support / justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he / she identifies for the Examination.
