The National Trust supports the changes to Strategic Policy E (The Natural Environment) which replaces references to ‘environmental goods and services’ with ‘ecosystem services’ and thereby better relates to the explanatory text.

Strategic Policy F (Climate Change Mitigation and Adaptation)

The National Trust welcomes the addition of point 6 to the policy that supports development which “ensures and promotes the long term connectivity of important sites for biodiversity, including through creation and maintenance of wildlife corridors to help species adapt to climate change.”

Strategic Policy G (Landscape)

The National Trust supports the additional references within the policy which now also recognises that development which would have an unacceptable adverse impact on (...) ‘the setting of the Howardian Hills AONB or local seascape’ will not be permitted.

Policy ENV2 (Tranquility)

The National Trust supports this policy and we welcome the additional reference to conserving and / or enhancing tranquility whereby the policy states that “Development proposals will only be permitted where they conserve and/or enhance tranquility.” We also particularly welcome the reference to the importance of tranquility for habitats.

The Trust supports the protection of the Remote areas of the Park as well as protection of dark skies.
